

Ukraine-EU Town Hall Meeting on Border Carbon Adjustments

This meeting is under Chatham House Rules / No press is invited

*****Draft Agenda*****

Date: September 17, 2020

Time: 15:00 – 17:00 CET, 16:00 – 18:00 EEST

Location: Zoom Videoconference

The European Green Deal has strengthened the level of climate ambition, increasing the asymmetry of climate efforts by aiming to achieve climate neutrality in the European Union by 2050. This raises the question of how to deal with competitive pressure and carbon leakage, pushing Border Carbon Adjustments (BCAs) to the front as a possible solution. According to the roadmap for the European Green Deal, a proposal for a BCA for “selected sectors” will be released in 2021. So far, we can only speculate what such a BCA might look like, as few policy details have been released.

ERCST and European Business Association are organising a town hall with speakers from the EU and Ukraine in support of examining the role that BCAs may play in addressing asymmetry in climate ambition under the Paris Agreement, with a special focus on the plans of the European Union in this regard. Given the resurgence of discussions about BCAs on the EU political agenda, it is the right time to have a closer look at the various available policy design elements and options, along with the associated environmental, economic, political and legal implications, in order to better understand what type of BCA might work for the EU.

This is the seventh meeting in a series of similar town hall meetings in support of ERCST’s workstream on ‘Border Carbon Adjustments in the EU’. As a European BCA would have global implications, these town hall meetings aim to uncover reactions from different trading partners of the EU to discover the reality of the international views outside of the so-called *Brussels’ bubble*. The aim is to facilitate discussion among stakeholders on the objectives, concerns, and options that should be considered when designing a BCA addressing uneven climate policies. The outcome of the discussions will feed into a policy paper on the international views on BCA that ERCST will publish in collaboration with its partners.

ERCST will consider the ideas and conclusions raised during the topic sessions when writing the draft of the report.

ERCST would like to thank Eurofer, Enel, FuelsEurope, the Government of France, the Government of Germany, HeidelbergCement, MetInvest and Solvay for their support on this project.

15:00 CET | 16:00 EEST Welcome and introduction

- A. Marcu, ERCST
- Anna Derevyanko, EBA

15:10 CET | 16:10 EEST ERCST presentation on Border Carbon Adjustments

ERCST will give a presentation on Border Carbon Adjustments and a possible EU proposal, including the position of different groups in the European Union such as the European Commission, EU Member States and businesses.

- A. Marcu, ERCST
- M. Mehling, ERCST
- A. Cosbey, ERCST

15:30 CET | 16:30 EEST Views from EU business representatives

Business representatives from the European Union will present their perspective on Border Carbon Adjustments and explain the rationale behind their point of view.

- H. Häder, Eurelectric
- G. Zachmann, Bruegel

15:50 CET | 16:50 EEST Views from Ukrainian government representatives

Ukrainian government representatives will comment on the presentation on BCAs and the intervention from the EU business representatives. They will also give an initial reaction on the position we can expect from Ukraine following the establishment of a EU BCA.

- I. Stavchuk, Ministry of Environmental protection and Natural Resources of Ukraine, Deputy Minister
- T. Kachka, Ministry for Development of Economy, Trade and Agriculture, Deputy Minister – Trade Representative of Ukraine
- Y. Demchenkov, Ministry of Energy, Deputy Minister
- R. Andarak, Deputy Head of the Mission of Ukraine to the EU

16:15 CET | 17:15 EEST Views from Ukrainian business representatives

Ukrainian companies from European Business Association will present their consolidated position on Border Carbon Adjustments

- S. Zinchenko, EBA, Chair of Industrial Ecology and Sustainable Development committee

16:30 CET | 17:30 EEST Roundtable discussion and Q&A with participants

Following the presentations and initial reactions, a moderated roundtable discussion will give the participants from both the EU and Ukraine the opportunity to interact.

16:50 CET | 17:50 EEST Concluding remarks and next steps
