

## Revision of the Energy Taxation Directive

### Public Consultation

### Agenda

*This meeting is under Chatham House Rules*

*(No press)*

**Date:** September 24, 2020

**Time:** 10:00 – 12:00

**Location:** Zoom Videoconference

As part of the policy updates foreseen under the European Green Deal, the European Commission is considering a Revision of the Energy Taxation Directive. Following the feedback period on the Inception Impact Assessment (IIA) for the Revision, which took place between March 4<sup>th</sup> and April 1<sup>st</sup>, the Commission is now welcoming submissions for its public consultation.

ERCST organised a meeting on May 27, 2020, to gather stakeholders' views of the IIA and produced a synthesis paper outlining the main themes in the submissions received by the Commission. This session will build on this earlier stakeholder meeting and will focus on **initial reactions to the European Commission's Public Consultation**, which will be closed on October 14, 2020.

10:00

#### **Public Consultation – key themes**

- A. Marcu, Director, ERCST
