

Border Carbon Adjustment in the EU

The ERCST Project Part II Launch

This meeting is on the record / press is invited

*****Draft Agenda*****

Date: December 9, 2020

Time: 15:00 – 17:00

Location: Zoom Videoconference

As part of the European Green Deal, implementation of a BCA is once again being considered as a measure to address competitiveness concerns within the EU. According to the roadmap for the European Green Deal, and European Council conclusions from July, a proposal for a BCA for “selected sectors” will be released in 2021 and should be introduced by the end of 2022.

During this meeting the ERCST will present the direction and research which is currently doing and expected results in 2021, among other activities **the reports on sectoral deep dive**, the optimal **BCA proposal**, further evaluation of the **official process** and the **framework for different policy measures**.

ERCST's project on border carbon adjustment is supported by Eurofer, Enel, FuelsEurope, the Government of France, the Government of Germany, Government of Spain, HeidelbergCement, Metinvest, and Solvay, BDI, BASF, Eurometaux, Fertilizers Europe, CEFIC and SITRA.
