

FRAMEWORK FOR NON-MARKET APPROACHES

Glasgow Committee on Non-Market Approaches

(Art. 6.8 of the Paris Agreement)

September 2022

POTENTIAL AREAS OF NMA

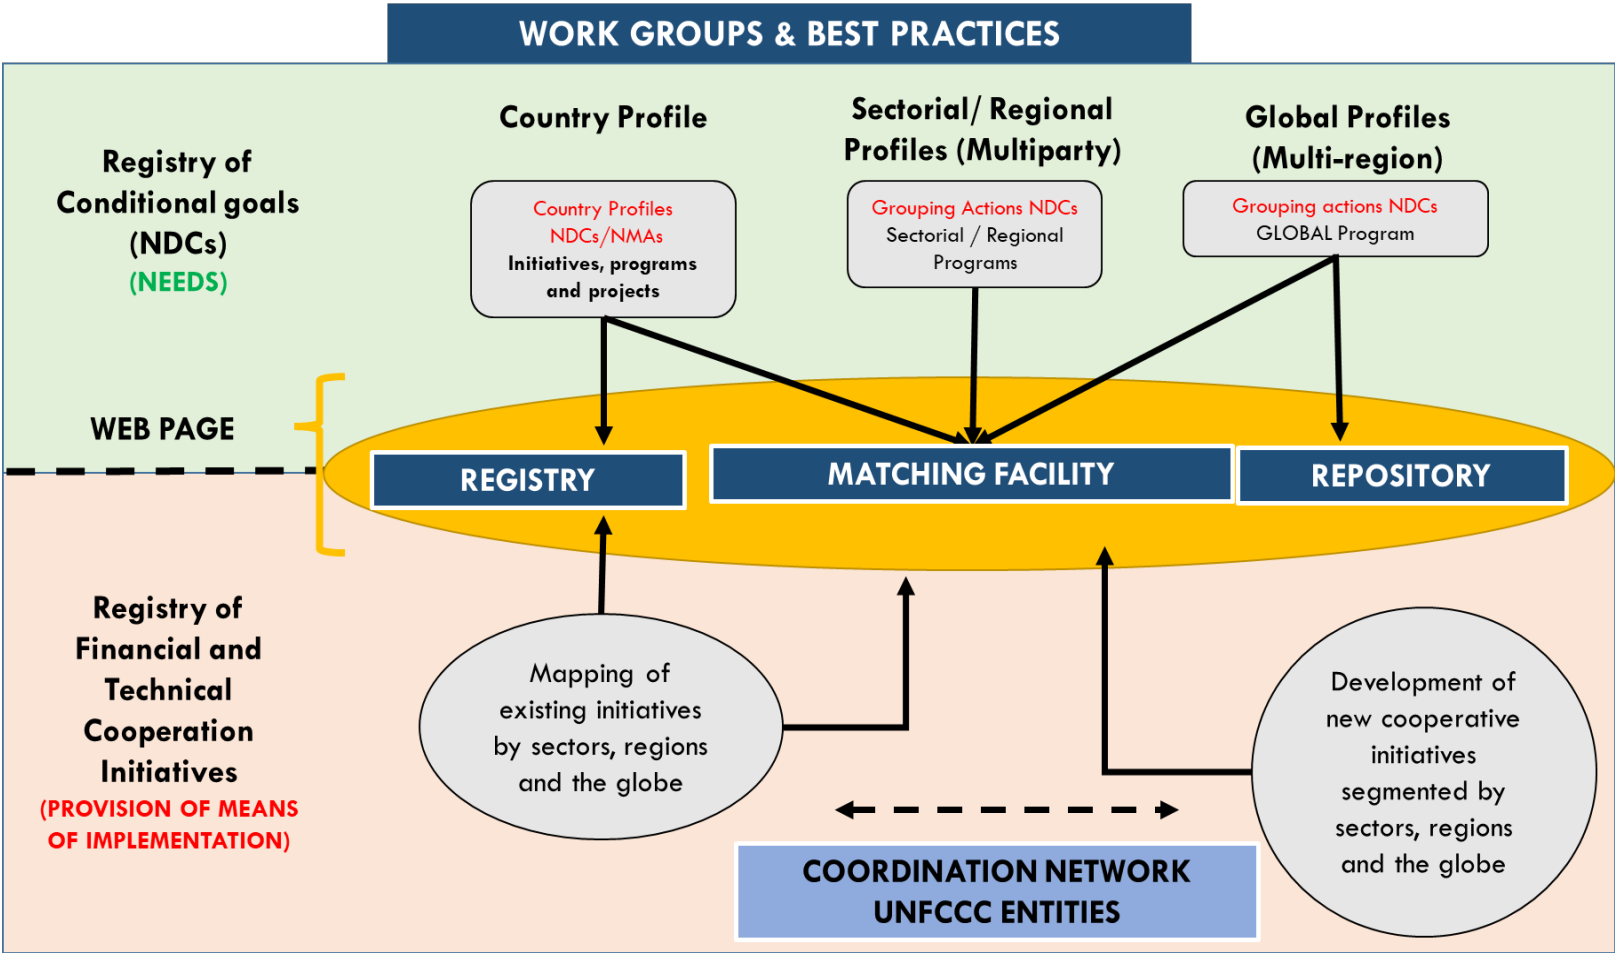

CMA3 decision at COP26:
Adaptation, resilience and sustainability; Mitigation measures to address climate change and contribute to sustainable development; and Development of clean energy sources;

- Mitigation and adaptation approaches.
- Social inclusivity
- Financial policies and measures
- Circular economy
- Just transition

EXISTING INITIATIVES

- REDD+
- Joint Mitigation and Adaptation
- The Adaptation Benefit Mechanism introduced by the African Development Bank
- Local Climate Adaptation Living (LoCAL)
- Amazon Fund
- LEAF Coalition
- Global Climate Change Alliance
- Initiative Sustainable Energy for All
- International Solar Alliance
- ETC.

SCOPE OF THE GLASGOW COMMITTEE ON NMA

SCHEDULE FOR IMPLEMENTING NMA

FIRST CYCLE (2022-2023)

SECOND CYCLE (2024-2025)

2023

2025

Year 2022

Emphasis on the identification and framing of all relevant elements of the work program activities of the annex of decision 4/CMA3.

Year 2023

Emphasis on implementation of all elements of the work program activities.

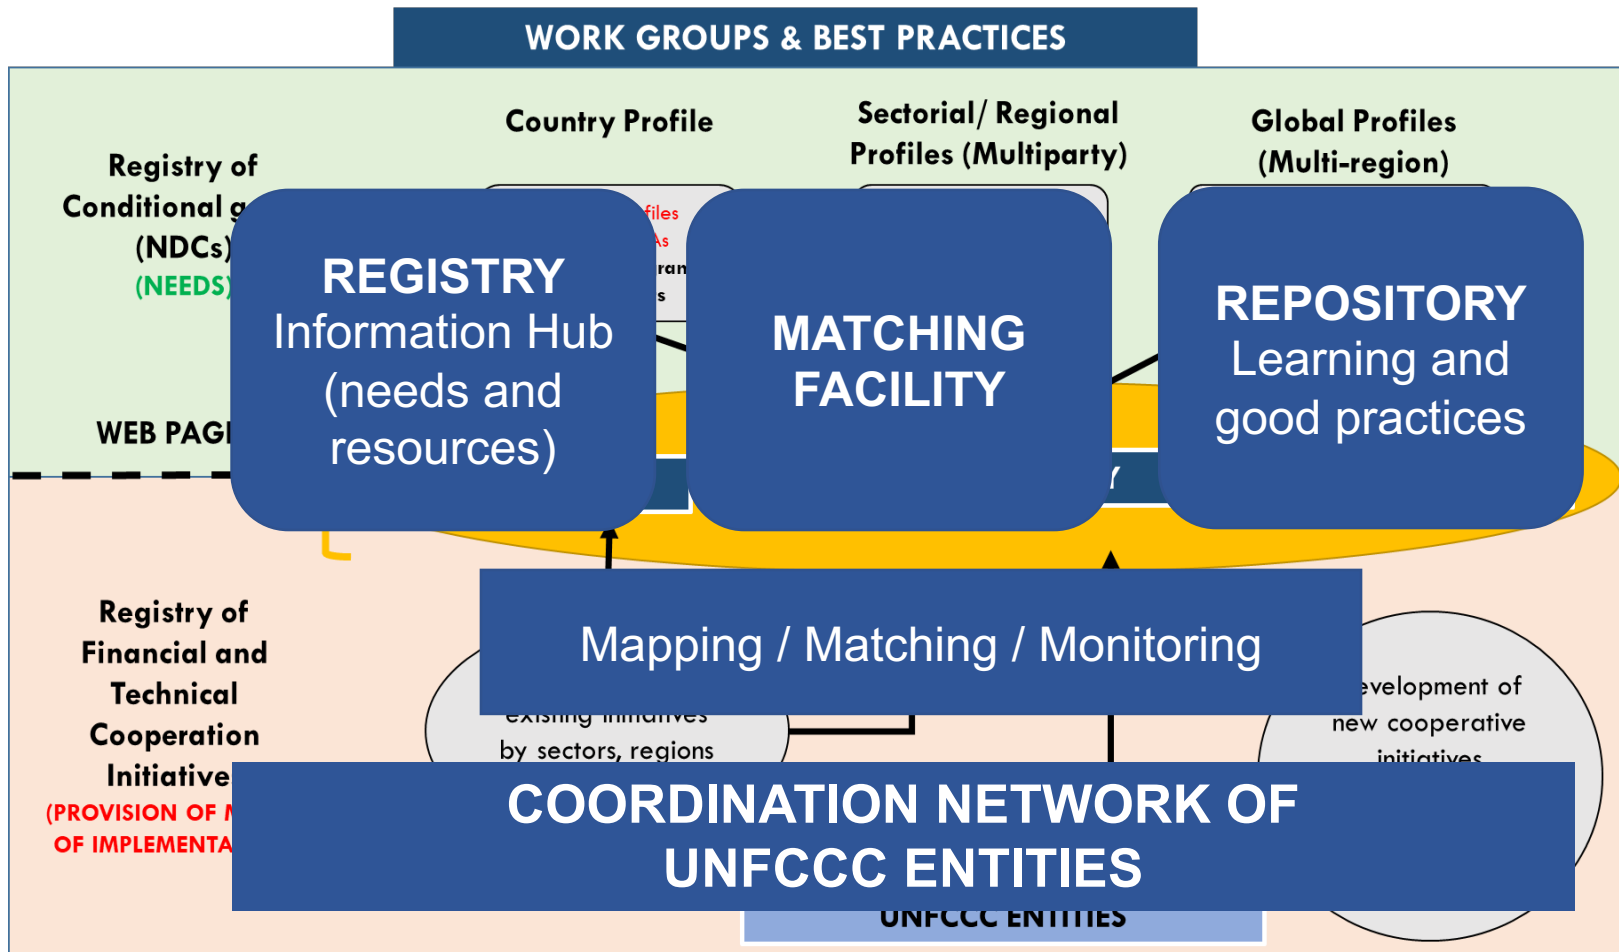

Full implementation through learning by doing reinforced with inputs provided by the first cycle.

Taking into account the understanding that some elements will advance in parallel starting in 2022.

Intermediate assessment at the end of 2023, allowing for the full establishment of the Glasgow Committee on NMA earlier at 2023

Full assessment of the work programme at the end of 2025

WEB-BASED PLATFORM

Means of implementation and coordination

TIMELINE AND EXPECTED OUTCOMES

First cycle (2022-2023)

Web-based platform

- **Establishment of the registry:**
 - (1) NMA countries' NDCs
 - (2) Mapping of international initiatives (finance and means of implementation).
- **Development of NMA country, regional and global profiles.**
- **Matching facility: 1 & 2**
- **Coordination network of UNFCCC entities.**
- Repository on NMA.
- Working groups of good practices.

Second cycle (2024-2025)

- **Management and administration of the web-based platform.**
- Following up of all previous actions included in the first cycle.
Priorities:
 - Matchmaking 1 & 2.
 - Development of regional and global initiatives to support NMA countries' NDCs (according to country, regional and global profiles).

SPECIFICATIONS FOR THE UNFCCC WEB-BASED PLATFORM

- **REGISTRY OF NEEDS.** Voluntary creation of national profiles that identify NMA based NDC actions that require financing, capacity building, technology transfer and/or other means of implementation.
- **REGISTRY OF MEANS OF IMPLEMENTATION.** Voluntary creation of profiles that identify initiatives, programs and/or projects inside and outside the UNFCCC that seek to provide financing, capacity building, technology transfer and/or other means of implementation.
- **DEVELOPING PROFILES (FILTERING AND GROUPING).** Identifying NMA actions by country, region and sector to allow for the identification of similar needs and efficient allocation of means of implementation.
- **MATCHING** the needs with the available registered resources.
- **COLLECTION OF INFORMATION.** Achievement of objectives and providing transparency of implementation flows for future recommendations and lessons learned.
- **REPOSITORY OF INFORMATION** as relevant and as appropriate.
- **SUPPORTING COORDINATION NETWORK** of UNFCCC entities on NMAs.

THANKS...
