	Sep-Nov	Continue Authorization, Reporting, and Tracking WGs

# G7 Sapporo and support for A6IP and its Center

G7 Ministers' Meeting on Climate,  
Energy and Environment

## 57. Carbon markets and Article 6 of the Paris Agreement

strategies for implementing Article 6 of the Paris Agreement. Furthermore, we will collaborate to promote international coordination among various initiatives related to capacity building, including through the “Paris Agreement Article 6 Implementation Partnership”. For providing sustained activities at the Partnership, we welcome Japan’s initiative to establish the “Article 6 Implementation Partnership Center”, in this regard as a secretariat for the Partnership in supporting capacity building towards implementing Article 6 of the Paris Agreement.

# Article 6 Implementation Partnership Center

- On April 27, 2023, MoE Japan established the “Article 6 Implementation Partnership(A6IP) Center”, in response to the outcomes of 2023 G7 Climate, Energy and Environment Ministers’ Meeting.
- As the secretariat promoting the activities of the A6IP, the Center aims to respond to the support needs of partners, provide relevant capacity-building support, and contribute to emission reductions and removals through the implementation of projects that leverage Article 6.

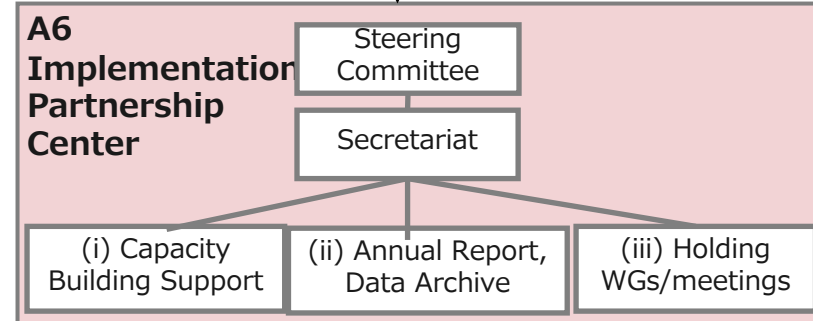

## Activities of the Center

- Development of capacity-building tools for **authorization, reporting, and tracking**
- Development of **tailored support packages** responding to country needs
- Collection and dissemination of information on capacity-building support
- Management of the A6IP

## Management Structure

- **Institute for Global Environmental Strategies (IGES)** will be responsible for managing the Center.
- The governing structure of the Center will be expanded in collaboration with **UNFCCC secretariat and the World Bank.**
