

# **Future of emissions trading in the EU: Role of emissions trading in EU climate policy**

## **Stakeholders Meeting**

### **Presentation of Draft Outline**

#### **Draft Agenda**

*This meeting is under Chatham House Rules*

**Date:** Thursday November 5, 2024

**Time:** 10:30 – 12:30 CET

**Venue:** Hybrid:

- Brussels based – in person - Rue Archimède 61, 1000 Brussels, Belgium.
- Outside Brussels – online.

This meeting is intended as a brainstorming session for a small group of invited stakeholders and policymakers, in the framework of ERCST's project on the "future of emissions trading in the EU". The second theme to be addressed in this project is the 'role of emissions trading in EU climate policy'.

The future of the emissions trading in the EU is a project that ERCST is putting into place as an independent review, with the participation in this important debate of EU institutions and EU stakeholders. In the framework of this project, ERCST will organise thematic events along the year, focused on key issues related to emissions trading in the EU.

This will be the second of seven topics ERCST will be researching on, as part of the framework of the 'future of emissions trading in the EU' project.

During this meeting, ERCST will present a draft outline, allowing for a brainstorming discussion with stakeholders to address any gaps and/or make any adjustments. The paper on the "Role of emissions trading in EU climate policy" will be launched in December.

10:30 – 10:40	<b>Welcome and introduction - ERCST</b>
10:40 - 11:00	<b>Presentation of the draft outline - ERCST</b>
11:00 – 12:30	<b>Feedback on the draft outline &amp; discussion - Stakeholders</b>
12:30	<b>End of the meeting</b>
