

Informal Dialogue on Response Measures

Agenda

Meeting is under Chatham House Rules

Date: July 7, 2021

Time: 15:00-17:00 CEST

Location: Zoom videoconference

The topic of response measures has been part of the UNFCCC discussion over the years, with Article 4.8 of the Convention being seen as a basis for the addressing their impacts, together with Articles 2.3 and 3.14 of the Kyoto Protocol.

This meeting is part of the “Informal Dialogue on Response Measures” project, an independent initiative aimed at creating an informal dialogue where the participants can explore, discover, explain and understand different points of view related to the topic of response measures.

During the first part of the meeting, ERCST will give an update on the progress and next steps of the project “**Reporting on the Impacts of Response Measures: a Case Study on Ghana**”, jointly implemented with the Environmental Protection Agency in Ghana. This stage of the project is focused on quantifying the impacts of international response measures.

The second part of the meeting will be an opportunity to take stock and gather impressions on the **Fourth Meeting of the KCI (May–June 2021)** and on the **May–June 2021 Climate Change Conference – Sessions of the Subsidiary Bodies on Matters Relating to the Response Measures Forum**. After hearing the initial reactions from the invited speakers, ERCST will moderate a roundtable discussion with participants.
