

2024 State of the European Hydrogen Market Report

Stakeholders Consultation

Agenda – Draft

This meeting is under Chatham House Rules

Date: Tuesday April 9, 2024

Time: 14:00 – 15:30 CET

Venue: Rue Archimède 61, 1000 Bruxelles – (Online only for attendees not based in Belgium)

This meeting is intended as a stakeholder/expert workshop with a small group of invited stakeholders which will brainstorm on the outline and content of the **2024 State of the European Hydrogen Market Report**. The 2024 State of the European Hydrogen Market Report is a joint effort between the [ERCST](#), [BloombergNEF](#), and [The Oxford Institute for Energy Studies](#).

The Report is intended as a “snapshot”, providing policymakers and stakeholders with an overview of how the European Hydrogen Market is progressing each year, based on the previous year’s data.

The topics/chapters that will be discussed include:

- Market KPIs
- Environmental delivery
- Market Sentiment Survey

For each topic, the authors will present the expected outline and content, setting the scene for an in-depth discussion with the participants. This will allow to address any gaps in the presented structure and make any corrections needed.

14:00 - 14:10	Welcome and introduction
14:10 - 14:30	Presentation of Table of Content (ToC) <i>Andrei Marcu, ERCST</i> <i>Olivier Imbault, ERCST</i> <i>Martin Lambert, OIES</i> <i>Alex Barnes, OIES</i> <i>Martin Tengler, BNEF</i> <i>Adithya Bhashyam, BNEF</i>
14:30 – 15:25	Roundtable Discussion
15:30	End of the meeting
